Relevant Experience

NELSON Worldwide
September 2021–Present
Cincinnati, OH

Graphic Designer II

Leads both internal and external-facing multi-phase projects. Focused on initial research, visual positioning, concept development, schematic design and design production, as well as elevating our internal brand identity. Produces graphics/templates to clearly communicate information via marketing campaigns, presentations, emails, social media, and others. Collaborates closely with teammates to deliver results that are both visually compelling and strategically aligned and solutions that are tailored to brand goals and needs.

Graphic Designer I

Contributed to a wide range of design projects across multiple phases—from concept development and client-facing presentations to schematic design and production. Worked closely with cross-functional teams, to ensure creative alignment, project efficiency, and high-quality, impactful outcomes.

Deloitte x SCADpro Collaboration
March 2021–May 2021
Remote, Kettering, OH

Graphic Designer

Led a multidisciplinary creative team through a user-centered design process, consisting of in-depth research efforts by interview, surveys and online analysis. Presented innovative data-informed concepts and ideas, and produced cutting-edge UX/UI design solutions tailored for digital formats.

Fidelity Investments x SCADpro Collaboration
January 2021–March 2021
Remote, Kettering, OH

Graphic Designer

Collaborated with a diverse, cross-functional team, to conduct extensive primary and secondary research through interviews, surveys and online data, to develop groundbreaking design concepts and ideas, and produce cohesive designs with an emphasis on visual storytelling for digital and print platforms.

Basho Apparel
June 2018–October 2019
Yellow Springs, OH

Graphic Designer & Screen Printer

Handled various design and production tasks in both on-site and remote settings. Generated creative design solutions, prepared press-ready artwork and screen printing equipment from setup to final garment production. Ensured efficient workflow and high-quality output across custom apparel projects.

Acco Brands
November 2015–May 2016
Kettering, OH

Graphic Design Intern

Developed new designs with a strong focus on color theory and patterning, ensuring precision in every detail. Constructed physical mock-ups for client presentations and contributed to group critiques with thoughtful feedback.
